PROFILE

Social manager passionate about sustainable development and resilience. Professional in Administrative Engineering with a master's degree in Humanistic Studies, 9 years of experience in the public sector and 8 years in the nonprofit sector as president of NGO's. Leadership in non-profit organizations, relationship with enterprises and project management.

Knowledge and passion for sustainable development issues in the rurality, non-profit organizations, and public organizations. Experience in the restructuring of social organizations, working with communities and public procurement.

I am known for my leadership, innovation, and high capacity to build alliances. I always seek to generate strategic partnerships to develop programs and projects, increasing scope and impact.

WORK EXPERIENCE

- **ANTIOQUIA PRESENTE** – Executive director 2020 - 2023

Non-profit organization that promotes and develop resilient communities, societies, and territories.

Achievements:

- Create a high-level organizational structure to ensure the sustainability of the organization.
- Ask new questions to the team, board of directors and partners to build 2 new business models: disaster risk reduction and resilient infrastructure.
- Build a communication and marketing strategy to define focus, themes, and areas in which the Corporation wants to be known.
- Create the disaster risk and climate change intelligence area, generating systemic connections between a territorial development model, climate change and disaster risk management.
- Create the alliances and international cooperation area (collective leadership).
- Update the comprehensive care model of the organization, adding concepts of environment, sustainability, regenerative cultures, resilience, and disaster risk management.
- Create a Project Management Office (PMO).

- **CORPOAYAPEL** – Executive Director. 2015 – 2020

Non-profit organization that promotes sustainable development in rurality.

Achievements:

- Develop a sustainable development model to be implemented by social organizations in rural areas (Ayapel, La Apartada, Isla Fuerte)
- Restructure the revenue model to achieve financial sustainability. In 4 years it went from an execution of US 200.000 dollars to US 7.000.000 dollars a year.
- In february of 2018 lead by Corpoayapel, we were able to declare the Ayapel Wetland Complex as a RAMSAR wetland.
- Establish alliances with entities with greater knowledge and experience in the country for the development of strategic programs, such as: WWF, Ramsar Convention, Conservation International, Ministry of Environment, Lego Foundation, Los Andes University, Antioquia University, CES University, SURA Foundation, Contreebute, Green Portfolio, Carulla Foundation, éxito Foundation, among others.
- Attention of 9.000 early childhood children under a pedagogical model considered by Unesco as the best in the world (Regio Emilia).
- Project to plant one million trees (Ayapel) and one million corals (Isla Fuerte)

- **CEIPA UNIVERSITY** – Innovation and leadership professor for Masters students. 2014 - 2015

- **ANTIOQUIA GOVERNMENT OFFICE** - Private Advisor of the Antioquia Governor Sergio Fajardo. January 2012 - September 2014

Achievements:

- Analysis and generation of content for the Governor's interventions.
- Accompaniment in meetings, events and visits to the rurality (125 municipalities).
- Administrative director of the Governor's office. Responsible for all his public procurement.
- Accompaniment to the Governor in the community contact.
- Deep knowledge of the Antioquia rurality and relationship with public and governing entities.

- **MEDELLÍN MAYOR'S OFFICE** - Private Advisor of the Medellín Mayor Alonso Salazar and director of Strategic Projects - June 2010 - December 2011

Achievements:

- Project Management of more than 200 strategic social infrastructure projects.
- Analysis and generation of content for the Mayor's interventions.
- Accompaniment in meetings, events and visits to the slums.
- Accompaniment to the Mayor in community contact.
